EXPERIENCE

Senior Software Engineer | TekSystems - Bangalore

Dec 2022 - Present

Client: Adobe — Full Stack Developer

Mar 2024 - Present

- Needed a centralized system to migrate and manage data from various CRM platforms.
- **Developed a full-stack application to automate and streamline CRM data migration.**
- Built a responsive front-end using React.js and TypeScript, and backend services using Node.js, Express, Azure Function Apps, and Cosmos DB.
- Received "GRIT Award" for stabilizing RBE services during high-volume quarter-end.
- **Tools used:** React.js, Redux, Node.js, Express, Azure Cosmos DB, Azure Function App, Azure Logic App, TypeScript, React Spectrum

Client: Best Western — Full Stack Developer

Jul 2022 - Feb 2024

- Needed a dynamic pricing system for hotel room rates based on market data.
- **Designed and developed dashboards for real-time analytics.**
- Built intuitive front-end dashboards using React and Highcharts, and backend APIs using Node.js and Express. Ensured performance with server-side rendering and efficient data handling.
- Received "Spot Award" for quick learning and contribution to Node.js projects.
- **Tools used:** React.js, Redux, Material-UI, Highcharts, Node.js, Express.js, TypeScript, Apollo Client, GraphQL, PostgreSQL, AWS Redshift

Associate Applications Developer | Oracle - Bangalore

Aug 2019 - Jul 2022

- The banking application needed an improved onboarding system to open different types of accounts like Savings, Business Loan, and Vehicle Loan, based on the setup done in the Business Product Configuration screen.
 - **I designed and developed several user-friendly pages that followed Oracle's Redwood theme. I ensured better code quality by writing unit test cases, covering more than 90% of the code.**
 - Improved the user experience and made account creation easier and more flexible. Helped the team deliver a more modern, stable, and consistent application.
 - Received the "Power of One Award" for significantly improving the onboarding interface, showing a strong team spirit, and consistently going beyond expectations.
- Tools used:** React.js, Redux, HTML, CSS, Node.js, Express.js, TypeScript, Jasmine, Jest, MongoDB

TECHNICAL SKILLS

Data structures & Algorithms.

JavaScript, TypeScript

React.js, Redux, HTML, CSS,
Material UI

Node.js, Express.js, Azure Function
App

Jasmine, Jest

Azure (Function App, CosmosDB)

Database(MongoDB, PostgreSQL,
Azure CosmosDB)

GraphQL, Highcharts

Git

IDEs: Visual Studio

EDUCATION

MCA - Computer Applications | 8.3/10

National Institute of Technology,
Tiruchirappalli [2016-2019]

BCA - Computer Applications | 66.43%

Sikkim Manipal University [2012-2015]

PERSONAL PROJECTS

shrt.ly | [CodeLink](#)

- **Objective:** To build a sleek, full-featured URL shortener that transforms long URLs into short, trackable links with detailed analytics and a responsive user interface..
- **Outcome:** Simplified link sharing by generating short, custom URLs while enabling real-time tracking of user visits, timestamps, IPs, and referrers. Enhanced user experience with a modern dashboard, and user authentication features.
- **Tools used:** Node.js, Express.js, MongoDB, Mongoose, EJS, Vanilla JavaScript, Vanilla CSS, nanoid, dotenv, bcrypt

StackWhiz.dev | [CodeLink](#)

- **Objective:** To develop a responsive and secure blog platform for developers and tech enthusiasts, offering a rich content management experience and showcasing modern full-stack development techniques.
- **Outcome:** Enabled efficient content creation, management, and sharing through a sleek interface. Improved security with robust session handling and protection mechanisms. Delivered a seamless reading experience with features like real-time search, pagination, and reading time estimation.
- **Tools used:** Node.js, Express.js, MongoDB, Mongoose, EJS, Vanilla JavaScript, CSS with Glass Morphism, bcryptjs, express-session

ACHIEVEMENTS

Runner up in CodersBit2018, an online coding competition organized by InterviewBit.

Secured All India 119 Rank in NIMCET-2016 National Level MCA Entrance Exam

Secured All India 255 Rank in KIITEE-2016 National Level MCA Entrance Exam
